

Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Monday 09 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Further showers today. Dry for most on Tuesday.

Today:
After a cloudy start, there will be further showers with sunny spells in between. Some of the showers will be heavy and thundery, particularly through the afternoon in the south. Still a notable breeze, but not as strong as recently. Maximum temperature 21 deg C (70 deg F).

Tonight:
Most showers will fade away through the evening, but some could continue in the south. Otherwise, a dry night is expected with variable cloud and some clear spells. Winds easing. Minimum temperature 12 deg C (54 deg F).

Tuesday:
A dry day with sunny spells for most, however there is still the chance of an isolated shower, most likely in the east. Feeling warmer than recently, with lighter winds. Maximum temperature 23 deg C (73 deg F).

Outlook for Wednesday to Friday:
After a bright start on Wednesday, it will become cloudier with some light rain possible at times on Thursday. Sunny spells on Friday. A notable breeze throughout and feeling warmer.
